

# GRAND MANOR<sup>®</sup>

Luxury  
Roofing Shingles

**CertainTeed**  
SAINT-GOBAIN

# The Peak of Perfection

Some roofs say more. About you. About your style. About the home that uniquely showcases your life.

Grand Manor says it all with a style and grace that is exceptional from every angle. The luxurious multi-layered laminated shingle replicates the look of slate with the confidence backed by a lifetime warranty.

Your home becomes your castle with one of the heaviest shingles we've ever made. CertainTeed developed Grand Manor to endure all types of weather and always look its best, even on the steepest slopes.

## STRIKING LOOKS

Deep shadows and random tabs are the secrets behind the design genius in Grand Manor. The result is a shingle with the incredibly authentic depth and dimension of slate.

## LASTING BEAUTY

Our exclusive Super Shingle® construction design results in a shingle that, once installed, offers virtually five layers of protection. Made of the industry's most durable roofing materials, you'll have a roof with unsurpassed defense against the elements.

## STREAKFIGHTER® PROTECTION

An important feature, StreakFighter® is a special manufacturing process used to protect your shingles from the streaking and discoloration caused by airborne algae.

With Grand Manor on your home, you'll have the assurance of being protected by one of CertainTeed's finest, most durable luxury shingles—and the confidence of knowing that whenever you look up at your roof, you'll see something beautiful.

# Elegance Defined with Style and Grace

## GRAND MANOR®

- Authentic depth and dimension of natural slate

### WARRANTY

- Lifetime limited transferable warranty against manufacturing defects on residential applications
- 50-year limited transferable warranty against manufacturing defects on group-owned or commercial applications
- 15-year StreakFighter® algae-resistance warranty **STREAKFighter**
- 10-year SureStart™ protection
- 15-year 110 mph wind-resistance warranty
- Wind warranty upgrade to 130 mph available. CertainTeed starter and CertainTeed hip and ridge required.

See actual warranty for specific details and limitations.

## Add a Little Accent to Your Roof

For a finishing touch to cap hips and ridges, use Shingle Ridge® accessory— available in colors to match your Grand Manor shingles. For the best performance, use CertainTeed High-Performance Starter— the only approved installation alternative to using the shingles themselves.

## Color Companion Products™ for Flat Roof Areas

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that complement some of the most popular CertainTeed shingles.

## Integrity Roof System™

Integrity is built from the bottom up. Layer-on-layer, only CertainTeed provides the peace of mind that comes with the best components performing together for peak efficiency.

### 1. Waterproof Underlayment

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams

### 2. Water-Resistant Underlayment

High-performance underlayment provides a water-resistant layer over the roof deck and a secondary barrier against leaks

### 3. Starter Shingles

Perfect starts every time and designed to work in tandem with the roof shingles above

### 4. Roof Shingles

Choose the best, covered by the strongest warranty in the business

### 5. Hip & Ridge Caps

Perfect finish for hip and ridge lines, complementing all CertainTeed shingles

### 6. Roof Ventilation

Engineered for ideal roof ventilation especially when matched with CertainTeed Intake Vents

# RESIDENTIAL ROOFING

The best formula under one roof.

We start with the highest-quality raw materials and add state-of-the-art technology to monitor our manufacturing process and test our finished products. The result is superior performance from beginning to end.

**WARNING:  
FOR LOW-VOLUME  
RAIN AND SALT-FOG AREAS**  
In areas of low-volume rain (defined as insignificant rainfall during 90-day period) and "salt fog," such as parts of the Southern California coastline, copper released by algae-resistant (AR) granules can react with the aluminum in gutters, leading to severe corrosion of the gutters. Therefore, in such regions, it is strongly recommended that aluminum gutters not be used with algae-resistant shingles. Vinyl or copper gutters are recommended.

Lifetime limited transferable warranty, including 10-year SureStart™ protection, is applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.
