Affordable Old World Luxury

Shown in Smokey Quartz

The elegance of a Scottish estate. The ruggedness of a windswept landscape. And an enduring value that inspires compliment after compliment.

Highland Slate® is performance on or off the rocky bluffs of Scotland. It's natural, affordable protection – from the ancient Highlands to a tree-lined neighborhood.

LIKE A ROCK

Cut to a true craggy profile, Highland Slate has the look, texture and tone of natural slate with a dark shadow line to accentuate its appeal from the curb. Each tab is individually colored by state of the art Precision Color technology to provide a rich, deep, hue and its four-across tab is the ideal design to deliver color, contrast, and perfection when mounted.

A PERFECT STORM

Wind, rain, snow, ice – this slate-like shingle performs at its best when the weather is at its worst. Highland Slate is rated where the winds howl – 110 mph – and it carries a full wind-resistance warranty.

Plus, the Impact Resistant version protects against the impact of hail and ice with a shingle that's among the best in the industry.

SUIT OF ARMOR

The weave, pattern and fleck of natural slate is in the essence of the character that Highland Slate brings to your roof. With seven premium color blends, Highland Slate is a smooth finish to rugged protection.

EVERYDAY MAJESTY

Beauty. Value. Protection. And a lifetime limited transferable warranty against manufacturing defects on residential applications. Protect yourself against the elements with the old-world affordable luxury of Highland Slate.
