

CERTAINTEED

# MOUNTAIN RIDGE™

HIGH-PROFILE HIP AND RIDGE ACCESSORY

The difference is noticeable:

## OTHER HIP & RIDGE PRODUCTS

**Solid tone:** Single color does not blend with shingles.

## MOUNTAIN RIDGE

**Blended color:** Varying colors blend with shingles.

**Blended color:** Creates a unified look with field shingles, instead of a “striped” look.

**Rounded edge:** Gives a substantial, finished look.

**Sealing adhesive:** A continuous adhesive strip forms a strong bond to protect against rain and wind damage.

**SBS-Modified asphalt:** Provides flexibility; pre-formed shingles are less susceptible to cracking on cold install days, which increases productivity.

**Tri-laminate base:** Creates a high-profile look and prevents sagging over time.

**Release tape:** Keeps shingles from sticking together to save time and prevent damage. Increased safety and no messy slip sheets on site.

**Patent pending five layer design:** Up to 10% heavier than the competition, keeping Mountain Ridge securely attached and improving wind resistance.

# Mountain Ridge colors complement Presidential Series shingles, Landmark Solaris shingles and Landmark Series shingles.

**Mountain Ridge  
high profile design**

**Shadow Ridge  
low profile design**

## Specifications

- Fiber glass reinforced SBS modified bitumen
- Five layer design with tri-laminate base
- Available in 8" and 10" widths
- CertainTeed Mountain Ridge™ colors are manufactured to match CertainTeed shingles (Presidential Shake™, Presidential Shake™ TL, Landmark™ TL, Landmark Solaris and Landmark™ Series).
